

At the Brandberg White Lady Lodge the choice is yours: We offer accommodation in one of our eight chalets, 15 rooms, all with en-suite facilities, Six Luxury tents or 23 Campsites. At the Lodge you find a fully licenced restaurant, cuisine with the "esprit" of the area, well stocked Bar and Lounge and a large Pool area.

The stylish Chalets and the bungalows are spread over an area in the river valley, among large, shady trees. Every unit offers a private veranda. Electric lights and roof fan are available at all times.

We are very proud to be awarded as "most natural camp site", now since three years in a row. Our large luxury tents are fully furnished with double base beds, braai and on-suite-facilities.

Every campsite has its own braai and water tap. Six ablution blocks with toilets and hot showers are spread over the site. A large and shady lapa, suitable for groups up to 40, complete this romantic spot in the river bed.

Welcome at Brandberg White Lady Lodge!

My name is Aubrey de Jager and speaking for the management and the staff I can only assure you that we do love what we are doing. To us, it is a great pleasure and confirmation to welcome guests that have been at our lodge before, or have been sent by their friends. We do our best to make your stay an enjoyable and unforgettable one!

How to find us?

Brandberg White Lady Lodge is situated on the northern side of the Brandberg Mountain. From the C35, Uis-to-Korixas section, take the D2359 towards the "White Lady" and follow the signboards "Brandberg White Lady Lodge" for 27km.

Everybodys darling: Carlos

The stone-age rock paintings of the San bushmen give evidence of the presence of the famous desert elephants in the area many thousand years ago.

Especially during the drier periods of the year, groups of desert elephant rove in the valley of the Ugab river. Here, there is no worry for water and bush and trees to feed on in abundance.

Experience these majestic giants on one of our guided Elephant drives. A close encounter you will never forget.

We do not recommend to undertake a elephant drive with your own vehicle and alone. Never forget that they are wild animals and potentially dangerous.

The Ugab River valley, the Brandberg Mountain, the Damaraland with Doros and Messum Crater – there is a lot to discover in the area around the lodge.

The Ugab River Valley with its old trees and green bushes is home-stead for a wide variety of game, birds, fascinating reptiles and insects.

The formation of the Brandberg massive unveils its treasures and secrets to the knowing eye of the geologist. Its sublime beauty nobody can evade.

A visit to the "White Lady", perhaps the world's most famous rock painting, is a half-day excursion from our lodge. The footpath to the site offers spectacular views into the open plains of the Damaraland.

The Ugab river valley is a true paradise for bird and game watchers, hikers and other nature lovers
